inFormed

Where Innovation Meets Purpose in Vocational Rehabilitation

inFormed is a full functioning end-to-end comprehensive software that integrates and manages *all core business processes* across an organization, from start to finish. It provides a single, **unified platform for managing vocational rehabilitation functions**

What Sets Us Apart

Work Anywhere, Serve Everywhere
Fully mobile and cloud-native, inFormed empowers your team to deliver impact whether in the office or out in the field.

See the Big Picture—Now
Interactive dashboards and real-time reporting give you visibility into outcomes, caseloads, and compliance—instantly.

Search Less, Do More
Smart navigation and intuitive screens reduce time spent hunting for info, freeing up more time to serve clients.

Workflows that Guide, Not Get in the Way
From intake to closure, counselors are supported with step-by-step processes that ensure compliance and speed.

Tailored to You, Not the Other Way Around
Easily configure the platform to match your programs, your policies, your data—without code or consultants.

Audit-Ready by Design
Our event-sourcing engine captures point-in-time activity so you're always ready for RSA audits and federal reviews.
